Thank you for considering Grey Raven Group as a potential vendor to provide a quote for the product you have requested. Due to the need to confirm daily supply levels and less than perfect staff numbers, we apologize for any delay or inconvenience we may have caused by not providing a formal response within the past 12 hours.

Grey Raven Group (GRG) is a small business that is U.S. veteran lead and managed. Our main line of business is providing strategic planning and unconventional solutions to fill corporate and government capability gaps. Additionally, we work with organizations on preparing for future developments and addressing emerging threats. Given the current environment, we have found ourselves shifting our model to help in the fight against COVID-19 and have quickly structured to be a force multiplier source to independently represent, make available, manage, and connect entities to general supplies and suppliers.
